

INTRODUCTION

Established in 2003, Shafi Gluco Chem is the world's leading producer and exporter of cereal based sweeteners and proteins. Specializing in Rice and Tapioca derivatives, we pride ourselves on having a vast portfolio of Organic ingredients, as well as a strong distribution network that spans over 90 countries. With the goal to provide the most innovative range of functional ingredients covering the various segments of food and beverage processing industry; we at Shafi Gluco Chem are deeply committed to safety, quality, integrity and excellence in everything we do. That is why we go beyond expectations - reliable supply of the highest quality products, to deliver unmatched technical expertise and unwavering customer support.

RICE SYRUP

At Shafi Gluco Chem, we offer a range of highly nutritive Rice based sweeteners derived from organic and conventional Rice. Produced naturally by being extracted from rice flour following an enzymatic process, these syrups promise a **simpler** and **cleaner label**, whilst also enabling numerous functionalities for all food and drink formulations. Our Rice syrups serve as a functional source of carbohydrates and are used in baked goods, beverages, cereals, infant food and pharmaceuticals. Our Range of Rice Syrup include:

- Brown Rice Syrup
- Clarified Rice Syrup
- Rice Syrup Premium
- Hi-Maltose Rice Syrup
- Hi-Fructose Rice Syrup
- Low Sugar Rice Syrup

FUNCTIONALITY

- Sweetness & Flavor
- Binding
- Body & Mouthfeel
- Browning & Caramalizing
- Chewiness & Crispiness
- Water Activity Control
- Yeast Fermentation
- Stabilizer
- Syneresis Control
- Thickening
- Low Tack Coating
- Shelf Life Extension
- Crystal Control
- Freeze Thaw Stability

PACKAGING

- 500g Retail Bottle
- 25kg Jerry Can
- 300kg HDPE Drum
- 1365kg Corrugated Tote
- 1400kg Plastic IBC
